DOWNLOAD

Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.This is a technical explanation of the Protocol and the related Memorandum of Understanding signed at Paris on January 13, 2009 (hereinafter the Protocol and Memorandum of Understanding respectively), amending the Convention between the Government of the United States of America and the Government of the French Republic for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and capital, signed at Paris on August 31, 1994, as amended by the Protocol signed on December 8, 2004 (together, the existing Convention). Negotiations took into account the U.S. Department of the Treasury s current tax treaty policy and the Treasury Department s Model Income Tax Convention, published on November 15, 2006 (the U.S. Model). Negotiations also took into account the Model Tax Convention on Income and on Capital, published by the Organisation for Economic Cooperation and Development (the OECD Model), and recent tax treaties concluded by both countries. This Technical Explanation is an official guide to the Protocol and Memorandum of Understanding. It explains policies behind particular provisions, as well as understandings reached during the negotiations with respect to the interpretation and application of the Protocol and Memorandum of Understanding. References to the existing Convention are intended to put various provisions of the Protocol into context. The Technical Explanation does not, however, provide a complete comparison between the provisions of the existing Convention and the amendments made by the Protocol. The Technical Explanation is not intended to provide a complete guide to the existing Convention as amended by the Protocol and Memorandum of Understanding. To the extent that the existing Convention has not been amended by the Protocol...
