## TURKISH MIGRATION TO GERMANY WITHIN THE EU-TURKEY RELATIONSHIP. EFFECTS ON IDENTITY, CULTURE, PUBLIC PERCEPTION AND POLITICS

GRIN Verlag Nov 2015, 2015. Taschenbuch. Book Condition: Neu. 211x146x8 mm. Neuware - Master's Thesis from the year 2015 in the subject Politics - International Politics - Topic: European Union, grade: 1,0, University of Bonn (Zentrum für Europäische Integrationsforschung), language: English, abstract: Within the German-Turkish relationship, this thesis focusses particularly on the aspect of migration from Turkey to Germany, its motivations, implications and structures within the process of Turkey's potential future membership of the EU. The aim of the thesis is to provide an overview of the current situation and relationship between Turkey and Germany, which arise from past and current migration flows and connections between the two countries. These findings together with an analysis of the development and status quo of Turkey's relationship with the EU as a whole are subsequently trying to figure out Germany's position and influence on the EU accession process. In order to deliver a profound and specialised piece of research within a limited scope, the thesis is focussing on issues of migration and integration as well as human rights as contentious factors concerning Turkey's EU accession. Finally, it is trying to give an outlook on further developments, chances and challenges for all sides. It is thereby only marginally regarding other important matters such as geopolitical and economic relations that have to be considered for a holistic assessment of the Turkey-Germany/EU relations. The paper intends to increase the reader's consciousness and knowledge about the German impact and position in Turkey's way to an EU accession, while presupposing a reader that is conversant with the subject and the history of the Turkey and the EU. 56 pp. Englisch.
