## PRIVATIZATION IN TRANSITION ECONOMIES: THE ONGOING STORY (HARDBACK)

Emerald Group Publishing Limited, United States, 2007. Hardback. Book Condition: New. 231 x 160 mm. Language: English . Brand New Book. This volume brings together contributions from a diverse group of authors each of whom have worked extensively on privatization and related reforms, such as restructuring and bankruptcy, in the transition economies of Central and Eastern Europe (CEE), the Commonwealth of Independent States (CIS), sometimes referred to as the Former Soviet Union, and South East Europe (SEE). A chapter on Chinese state enterprise reforms and privatization has been included in this volume due to China's importance economically and politically, its successful reform program to-date and its unique approach to reforms. The volume is largely a retrospective of the ten or so years of reform from 1990 to 2000, focused on privatization in the transition countries since the fall of the Berlin Wall, the peaceful revolutions in Poland and in then Czechoslovakia (now the Czech and Slovak Republics), the break-up of the Soviet Union and the formation of the Russian Federation. Most of the contributors to this volume worked closely with the leading reformers in Government during this period to assist them in designing and implementing their privatization programs. One of the contributors was directly involved in the process as a leading reformer in his country, as a Deputy Minister of Economy and as Director of its Privatization Agency. For the most part, sufficient time has passed to allow the authors to now treat their subject objectively. Serbia and China are unique in comparison to the other countries discussed in this volume, as their state enterprise reform and privatization programs are still on going. China started earlier than the other transition economies, but continue to the present time, due to what some analysts have described as a more gradualist approach to reforms that...
