Reviews

Excellent electronic book and helpful one. It usually does not cost a lot of. I am quickly will get a pleasure of reading through a written publication.
(Bernardo Feeney Jr.)

INFRASTRUCTURES FOR VIRTUAL ENTERPRISES

Book Condition: New. Publisher/Verlag: Springer, Berlin | Networking Industrial Enterprises IFIP TC5 WG5.3 / PRODNET Working Conference on Infrastructures for Virtual Enterprises (PRO-VE 99) October 27-28, 1999, Porto, Portugal | The area of virtual organizations, and industrial virtual enterprises in particular, is attracting a large and growing interest both in terms of the research and development and the implementation of new business practices. An ever-increasing number of international projects and national initiatives have been launched recently. Most of the earlier efforts are focused on the development of supporting infrastructures, although more and more initiatives now pursue the exploitation of this concept in business terms. Being a recent research and development area, and in spite of the mentioned interest, there is a lack of a structured and comprehensive text that can be used as a reference source. Most available literature is dispersed in several conference proceedings, journals, and book chapters. This book represents an attempt towards such structured text. Although the book was prepared in the framework of PRO-VE'99, a working conference on infrastructures for virtual enterprises organized by the Esprit project PRODNET II and IFIP, it has the goal of covering more generic VE requirements and addressing several other approaches and important aspects in this paradigm. | Technical co-sponsors. Program Committee. Foreword. Part I: A Framework for Virtual Enterprises. 1. The Virtual Enterprise Concept; L.M. Camarinha-Matos, H. Afsarmanesh. 2. Tendencies and General Requirements for Virtual Enterprises; L.M. Camarinha-Matos, H. Afsarmanesh. 3. Federated Information Management Requirements for Virtual Enterprises; H. Afsarmanesh, et al. 4. Coordination and Configuration Requirements in a Virtual Enterprise; L.M. Camarinha-Matos, C.P. Lima. 5. Communication Infrastructure Requirements in a VE; A.L. Osório, et al. 6. Socio-Organizational Requirements for a VE; A. Brandão Moniz, P. Urze. Part II: The Prodnet Infrastructure. 7. The Prodnet Goals and Approach; L.M. Camarinha-Matos,...
