

How to Build Anything: With 3 Tools, 3 Boards, and 3 Steps

Filesize: 7.11 MB

Reviews

*A really wonderful book with lucid and perfect reasons. This can be for all who statter there was not a worth reading through. You are going to like how the author write this book.
(Dr. Grady Jacobi DDS)*

HOW TO BUILD ANYTHING: WITH 3 TOOLS, 3 BOARDS, AND 3 STEPS

Grassland Publishing, United States, 2012. Paperback. Book Condition: New. 276 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.How to Build Anything with 3 Tools, 3 Boards, 3 Steps Building a wood project usually starts with finding a set of woodworking plans. Unfortunately, most plans assume too much from beginners-leaving out critical steps in the building process that experienced woodworkers no longer need. How to Build Anything fills in the missing pieces that woodworking plans and blueprints leave out, including: Which tools to buy - and how to use them. How to buy lumber - and get the best boards for the money. How to measure accurately - and avoid costly mistakes. Which fasteners to use - for making easy wood joints. How to build a box - the foundation of all furniture. PLUS: Cut-out templates and tool guides for making your next wood project quick, easy, and fun! A Closer Look Inside: Chapter 1: Start Building with 3 Tools Of all the power tools you might be tempted to buy, only three are really necessary for building simple wood projects. Find out which tools to buy, and how to use the controls and adjustments that are often ignored. Chapter 2: Start Building with 3 Boards I ll uncover which boards are best suited for small projects, how to sort the good from the bad, and the best way to get boards off the shelf and home safely. Chapter 3: Start Building in 3 Easy Steps I ve narrowed down the tricky process of building wood projects into three, bite-sized chunks of construction know-how: Measure Mark, Clamp Cut, and Assembly. Chapter 4: How to Build a Box Discover how the inner structure of nearly all wood projects is based on just three basic forms-a solid...
